September 2018				
October 2018				

The UNRBA has now collected Routine Monitoring samples for 49 months.

Two months left in the data collection window for the modeling effort.

Special Studies Update

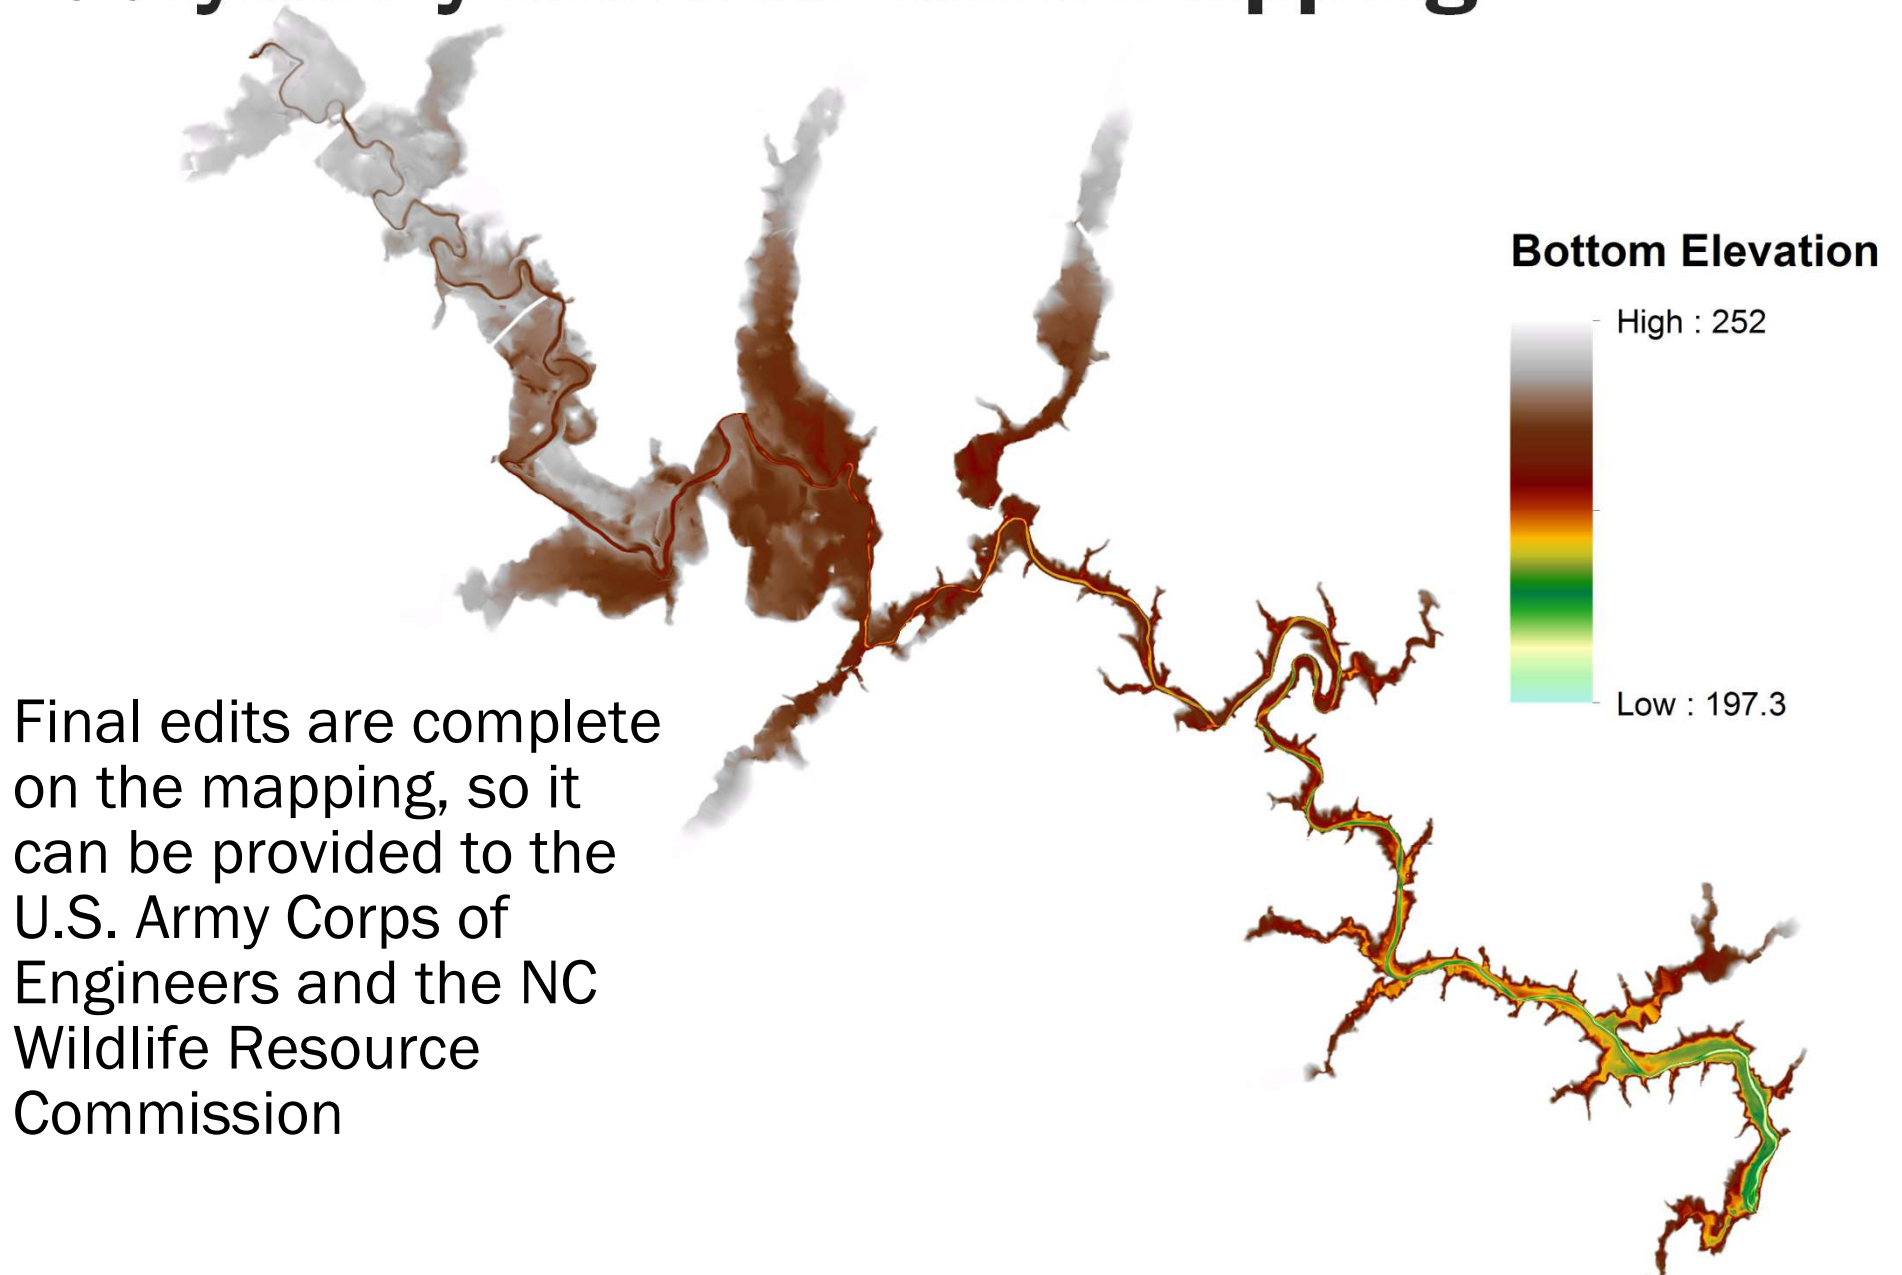

**No Special Studies specifically
included in the FY2019 budget**

Sediment Evaluation

- Marc Alperin provided second draft of sediment report
- BC offered comments on the report and returned it to Dr. Alperin
- He will work on completing the report in the coming weeks

Bathymetry and Sediment Mapping

Final edits are complete on the mapping, so it can be provided to the U.S. Army Corps of Engineers and the NC Wildlife Resource Commission
